

Hello! Mr. Ralph & Sherry Hocking.

I sent a letter 5 days' ago.

It didnot mean Nam June's Zen FILM
-LIKE.
but means ABE'S Zen Letter.

When you saw it you would imagine everything
it meant.

But it was very simple. I had some mistake,
mixed up, several letters, and sent you blank space.
It might be really "speaced out", I am sorry what I did!

Just 1 month ago.

On my way to back to TOKYO, I met several
old students who had video synthesizer, and
ask them every V.S. was working well or not.

Ed Williams's had sync problem but now it is fine
after fixing by engineer that Ed paid \$45 for it.

Sharon's machine had one cable problem I fixed it.

Michel Scroggins' was working after I checked it in L.A.
just 1 month ago.

Only Paul chatacon's who is living in around of
Chicago, didnot finished at all.

If you would like to have more Video Synthesizer.

I might be able to do, now. I want to make
more small one, just half size and including
2 - Audio freq. generator and simple switcher.
Maybe Beginning of Autumn I will finish it.

Now I am too busy in my company but, soon I have
time to crazy think and do. I hope you will be
fine and be thinking CRAZY VIDEO with
NAM JUNE.
